

Year End Report--ADGA Type Committee

Committee members: Pat Hendrickson, Chair, Lelia Berry, Sheila Nixon, Karen Senn, Ann Weikel, Lorraine Yankovich & Dan Considine

1. Goals and objectives for the year:

A. Per ADGA BOD directive investigate means to preserve photos of top LA animals, CH/GCH and Top ten for future member availability.

B. Continue work with Regina Stahl Briskey to refine the pencil drawing of the breeds and progress to the new Oil paintings of each breed for the office and true type models for use as teaching tools.

2. PROGRESS SUMMARY OF WORK SO FAR: (from mid year report) **A. I have asked IM committee if they can give us a cost for a sort & list program where the animals can be listed alphabetically by breed with the LA score or CH/GCH or Top ten status. We have not decided on a fee but want to make it minimal to attract the most submissions. To date we have decided to begin with 2000 photos pending BOD approval and more information from the IM on costs or problems—**Year end:** this item has gone as far as possible until BOD approves any fees and a starting date of photos. RE: 2000 etc.**

B. I have been in telephone contact with Regina. She will have a final drawing of the Lamancha for committee approval before convention. There was some confusion and miscommunication since Sheila was not able to have a second planned visit with Regina. Time and busy schedules all around have caused this project to drag on past expectations. I take responsibility for the delay.

3. Financial Report: Phone time donated by chair...Sheila Nixon has some expenses encountered in her visit with Regina.

4. Problems encountered: Time restraints for all involved.

5. Decisions requiring BOD action: Approve start date and LA level for photo submission. Fee if any for listing photos and scores/records.

6. Work for next years committee: continue work with Regina on Oil paintings and true type objective.

7. Long range Goals: Complete above projects and continue work on type training tools mentioned in mid year report.

Committee Chair: *Pat Hendrickson*
