Full-Stack Web Developer

Description

The American Dairy Goat Association (ADGA), the largest and fastest growing dairy goat organization in the United States, is seeking an experienced developer to provide maintenance and support to its in-house systems including web-based applications.

This position requires a commitment of approximately 25 hours per week for 12 months and is ideal for the independent contractor. Potential exists for long-term engagement and participation in future development work.

Responsibilities

- Assist ADGA staff in troubleshooting service requests in the existing staff and member services system.
- Evaluate sources of errors and debug as needed
- Build and deploy fixes
- Maintain code base(s) in version control
- Suggest enhancements and improvements to current processes

Qualifications

- Developing and debugging .NET MVC applications using C#, (5 years)
- Oracle SQL (3 years)
- REST web services including authentication and authorization (3 years)
- jQuery AJAX/XHR programming (3 years)
- General web technologies including HTML5 and CSS (Bootstrap) (3 years)
- Git version control (Bitbucket) experience preferred
- PHP/WordPress experience preferred

A qualified applicant would need to reside in the continental U.S. and have credentials for working in the U.S.

Salary

ADGA will offer a competitive hourly rate on a 1099 basis to the qualified developer.

How to Apply

Please submit your resume to Catherine Powell, Assistant Association Manager, powell@adga.org.

Company Description

The American Dairy Goat Association was organized in 1904 to collect, record and preserve the pedigrees of dairy goats, provide genetic, management and related services of the highest possible quality to dairy goat breeders, while maintaining the validity of information, the integrity of the registry, and contributing to a positive public perception and political climate for the dairy goat industry that will provide optimum economic opportunities for Association members.

It is located in Spindale, NC in the foothills of the Blue Ridge Mountains an hour or so away from the Asheville/Hendersonville, Charlotte and Greenville/Spartanburg SC metro areas.
