

Toggenburg

Why own Toggenburgs?

"Toggenburgs have always been my ideal breed for their poised personalities and overall good nature that makes them easy to handle, milk and love on."

Timmerly Foster, Prairie Dust Farm

"Day in and day out Toggenburgs put milk in the pail - this is a breed with work ethic! Inquisitive, active, and medium-sized they check all the boxes."

- LaDonna Foley, Foley Farms

"The thing I love most about my Toggs is even the biggest, bossy brat in the pen can be shown by a young lady. They just know that it's a little person"

- Nicole McChesney, JNL Acres

"I love Toggs.

Saanens? Merely albino Toggs.

Alpines? Neurotic Toggs.

Nubians? African Toggs.

Sables? Saanens trying a little too hard to be Toggs.

All goats want to be Toggs. Not all are successful"

-Nick Schmitt, Deep Schmitt Dairy Goats
