

**Thomas Peter Considine - 0023135**  
**ADGA District IV Director Nominee**

ADGA District IV Members,

Thank you for your nomination to serve as your director - it is appreciated.

Some facts about me:

- Owner/Operator of Diamond Dairy with my wife and our 10 children, 5 of which are still involved with day-to-day activities on the farm milking and caring for ~ 300 animals.
- I have been involved with ADGA as long as I can remember, having been born into a family that has been and continues to be very active within ADGA.
- ADGA Licensed Judge since 1989. Besides judging club shows and fairs around the country, I have judged US and Canadian National Shows.
- Served as District IV director 2006-2021.
- Served/Serving on many ADGA Committees, currently Chair of the Shows Committee.
- High School mathematics teacher with Portage Community Schools.

I know that there are other quality candidates on the ballot, but humbly ask that you would cast your vote for me. I am told that I have a gentle personality that strives for unity, though a strong enough personality to stand against injustice and attempt to do what is best for ADGA and its members. I communicate and work well with others to achieve goals and have always been willing to help any member I can. For the sanity of myself and my family, I am no longer on social media, but my email, [goatfarmerkids@gmail.com](mailto:goatfarmerkids@gmail.com), cell phone, 608.617.1595 and an open door, W10802 Walker Rd, Portage WI 53901 are always welcome avenues to reach me - I will always respond.

Whether serving as a director or not, I will continue to have the best interest of ADGA, its members and ultimately the dairy goat on my mind, but if elected as your director, I will be able to be more effective towards those interests.

Thank you for your support and vote.

Sincerely,  
Tom Considine
