DHIR Herd Code # _____ - _____ - _____

- ◆ List on a separate sheet of paper the barn name and registration number for all does on test.
- ◆ Publication rights of any production information are granted to ADGA for use in dairy goat research or ADGA Programs. ADGA requires Open Herd Disclosure for all DHIR participants.
- ◆ Herd owners must take responsibility for knowing when a verification test is needed, making sure it is done during the current lactation, and notifying ADGA when it is completed.
- ◆ See the ADGA Guidebook for rules not covered in the NDHIA Uniform Operating Procedures and the Dairy Goat Standard Operating Procedures.
- ◆ Renewal fees must be paid at the first of each year or records will not be official DHIR with ADGA.

I understand that it is my responsibility to know and abide by all NDHIA, regional DHIA, and ADGA Testing Rules. I understand that any fraudulent practice in feeding, care, or management of my does on test that is intended to cause, or does cause an abnormal yield of milk, butterfat, or protein, or is intended to influence rolling herd averages or USDA genetic evaluations is a violation of NDHIA and ADGA rules. I understand that any violation of these rules may cause the rejection, or the expunging and canceling of the record; and in addition, may cause me to be denied the use of and privileges of DHIR testing.
